

## COUNCIL RESENTS MAYOR'S INTERVIEW

**Adopts Resolution in Which Mayor is Reproved for Remarks Regarding Action on Morgan Removal.**

The city council met in special called session at noon yesterday, with Mayor Bliss presiding and the following Aldermen present: McHugh, Muldra, Muldon, Hays, Cahn, Christie, Reilly, Wright and D'Alemberte.

Mayor Bliss announced that the meeting had been called to consider several franchises that were before the council and he also stated that he would like to have further time in which to report on the information called for in Alderman Muldon's resolution regarding the charges which the mayor made some time since.

A motion was made to allow the mayor further time, but Alderman Muldon said he thought some definite date should be fixed for the report and he would like to have it this week as he was going away, but desired to be present when the mayor's answer was presented.

Mayor Bliss said he had been at work getting the evidence, but that, on account of lack of room and inadequate facilities for filing, the affairs in the clerk's office were in very bad shape. Vouchers and other papers were piled around promiscuously, and it was impossible to locate many of these documents without a great deal of work. The mayor would, he said, make the report as soon as possible.

Alderman Muldon said that as Mayor Bliss had made certain definite charges, he thought the mayor should have been in a position to prove those charges before he made them.

Mayor Bliss replied by saying that he did not make any specific charges, but had said that in his opinion a certain condition existed and he was still of that opinion.

On further consideration it was ordered that a special meeting be held next Monday night at 7 o'clock to hear the mayor's answer.

Chairman Walker Inghram, of the board of public safety, requested appropriations for the following purposes and in the following amounts: \$450 to establish separate fire alarm boxes from the police patrol boxes; \$270 to employ two extra firemen for the coming three months; \$200 for incidentals. The matter was referred to the finance committee to report Monday night.

**Ordinances on Second Reading.**

Chairman Muldon of the finance committee recommended that the ordinance granting the L. Bear Co. the right to build a spur track be read the second time. This was done and it was referred to the ordinance and engineering committee.

The ordinance reads as follows:

**AN ORDINANCE**  
To be entitled: An Ordinance to Grant a Right of Way to the Lewis Bear Company for Spur Tracks on a Certain Portion of Jefferson Street.

Be it ordained by the Mayor and Council of the City of Pensacola: Section 1. That there is hereby granted to the Lewis Bear Company, its successors and assigns, the right to construct, maintain and use a spur railroad track diverging from a track on Jefferson street, which the Gulf Machine Works has heretofore been authorized to construct, (by an ordinance passed March 31st, 1904, and approved April 6th, 1904, of which the above named ordinance is amendatory), at a point fifteen (15) feet south of the south line of Magnolia street, extending along Jefferson street to and across Cedar street.

Section 2. It is a condition of the rights and privileges hereby granted, that the said spur track shall be constructed so as to not interfere in any way, or impede, the traffic on any part of said streets, and the said grantee, its successors and assigns shall at all times keep that portion of the street between its rails and for eighteen (18) inches on either side thereof in the same good condition, and repair, as the City shall keep, or cause to be kept, the adjacent portions of said streets; and whenever the City shall pave, grade or otherwise improve the portions of the streets adjacent to said track, the said grantee shall, at the same time, pave, grade, or improve in like manner the space between the rails of said tracks and for eighteen (18) inches on either side thereof.

Section 3. That the rights and privileges hereby granted shall be subject to existing ordinances of the City and to such reasonable regulations as the public safety and convenience may require, and as the Council may from time to time prescribe.

Section 4. The said track shall not be used for the storage of cars, and cars shall not be allowed to stand on same, except for such time as may be reasonably necessary to load and unload the same.

Section 5. That the said track shall be completed within one year after the date of the passage of this ordinance, and all the rights and privileges hereby granted, unless sooner forfeited, shall continue for the term of twenty-five (25) years from said date.

Section 6. That this ordinance shall take effect immediately upon its passage and approval.

Chairman Muldon also reported the following ordinance which was read the second time:

**AN ORDINANCE**  
To be entitled: An Ordinance to Extend the Privileges and Franchises Granted to Warren E. Anderson, A. C. Berry, W. H. Murphy, J. Emmet Wolfe and others.

Be it ordained by the Mayor and Council of the City of Pensacola: Section 1. That the time of doing each and all of the things mentioned in Section fifteen (15) of the ordinance, passed and approved, January 31, 1905, and entitled: "An Ordinance granting certain privileges to Warren E. Anderson, A. C. Berry, W. H. Murphy and J. Emmet Wolfe and others their successors and assigns," be and the same is hereby extended for a period of three months in addition to the time mentioned in said section.

Section 2. That all ordinances and parts of ordinances in conflict herewith be and the same are hereby repealed.

Chairman Reilly of the finance committee reported that the committee expected to have the bond ordinance ready to report on second reading at the meeting next Monday night.

**Alderman Wright's Resolution.**  
Alderman Wright asked unanimous consent to introduce a resolution which was granted and he then read the following:

"Whereas, C. H. Bliss, mayor of the City of Pensacola, has in an interview published in The Daily Journal under date of June 23rd, 1905, criticized the action of the City Council in disapproving his action of removing Comptroller Morgan from office, and intimated that if this city had the recall or the referendum, the City Council's action would be condemned and the mayor upheld; and

"Whereas, the action of the mayor in allowing such an interview to be published does not tend to promote that harmony between the mayor and the City Council which, in the interest of the city, should exist; therefore, be it

"Resolved, That the members of this Council resent as unwarranted the published criticism of it by the mayor, the statement that a majority did not vote to disapprove his action and the insinuation that they did not vote as the evidence warranted or as the people of Pensacola would have voted under similar circumstances."

On roll call, all present voted for the adoption of the resolution except Alderman McHugh who asked to be excused on the ground that he was not present at the meeting to which Mayor Bliss's interview referred.

The Council then adjourned.

## BASEBALL BILL DECLARED VALID

**JUDGE SHAYLOR REFUSES MOTION TO QUASH INDICTMENT AGAINST JACKSONVILLE MANAGER.**

The Jacksonville Times-Union says: Judge Samuel T. Shaylor of the Duval County criminal court denied the motion to quash the indictment against W. C. West, president of the Jacksonville Baseball and Amusement Company, charging him with playing baseball on Sunday.

In denying the motion to quash the indictment in this case, Judge Shaylor ruled that the law under which the indictment was brought, and which was passed at the last session of the legislature, is valid. The motion to quash the indictment was based on the ground that the bill was not regularly and conscientiously passed. Judge Shaylor said in handing down his decision that before The Journal can enjoy that degree of infallibility claimed in this case, the matters stated in the Journal must be clear, explicit and affirmative.

**Buy It Now.**  
Now is the time to buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is certain to be needed sooner or later and when that time comes you will need it badly—you will need it quickly. Buy it now. It may save life. For sale by all druggists.

## EXCITEMENT OVER KILLING OF SEVEN NEGRO WOMEN

**Community Aroused Over Wholesale Murders and Governor Asked to Offer Reward for Murderers.**

**By Associated Press.**  
Americus, Ga., July 3.—The wholesale killing of seven negro women here at the hands of Warren Hicks, a negro desperado, yesterday, is still causing considerable excitement in the neighborhood of the tragedy. The county commissioners have requested Governor Terrell to offer a reward for the apprehension of the murderer.

## (OO) WILL OF CZAR DEMONSTRATED

**By Associated Press.**  
St. Petersburg, July 3.—That Emperor Nicholas is sending the Russian plenipotentiaries to Washington in good faith is demonstrated, not only by the fact of clothing them with powers to negotiate and conclude a treaty, but in his appointing several high officers, five it is believed, who are specialists in the various branches of the subject connected with the negotiations, as advisors of the Russian plenipotentiaries. In this way delays incident to referring the peace propositions back to St. Petersburg for the consideration of various ministers which always causes loss of time with Russian diplomacy has been avoided. Japan will also pursue similar plans.

## POINT LACE.

**The Result of the Genius of Barbara Uttman of Saxony.**

A little known example of inventive genius in woman is that afforded by Barbara Uttman of Saxony and her point lace so long in fashionable use all over the world. She invented the process and apparatus for manufacturing this beautiful handwork, which has since given employment to millions of operators and which, in its line, has never been excelled. The apparatus looks like a long pin cushion bristling with pins arranged to outline the pattern or design. The operator manages from ten to fifty peculiar spools, allowing the thread to feed over the pins alternately until the design is completed. The spools or bobbins are purposely of different colors, so as to be easily distinguishable. The process is slow and difficult to learn. Miss Uttman founded schools where thousands learned it. Since her time, when inventive ability was rare even among men, her ideas have been incorporated in the construction of machinery by which the lace is produced at wonderful lower rates, and yet Barbara Uttman's lace still surpasses all.—London Queen.

## Too Rich a Haul.

When General Treppoff was chief of police in Moscow, before the establishment of the state liquor monopoly, he was told from the highest quarters to suppress the orgies at popular resorts in the town. A few days later the police raided the principal restaurants after midnight, and the next morning General Treppoff asked of his august master directions for the prosecution of one member of the Imperial family, two judges of the high court, a mayor and deputy mayor, several generals and many women well known in Moscow society, who, among others, had been arrested in the raid. The matter ended there.

## Has the Most Legs.

The little creature which bears the distinction of owning more legs and feet than any other known organized being is the millepede, which literally means "thousand footed." There are several species of these curious worms, all possessing the characteristic of having a many segmented body, each segment provided with a pair of legs. Unlike the centipede—"hundred footed"—they are perfectly harmless.

## Equipment for brewing a high grade beer.

In installing our new plant we threw out equipment better than many breweries still use. Equipment is as important as excellence in material, and our plant is the most up-to-date in America.

Machinery cleanses the malt kernels before use; machinery weighs all the ingredients, preserving just, accurate relative proportions WITHOUT GUESS WORK; and then the beer is cooled in pipes, where the air, even "filtered" air, is absolutely excluded. The wort that is to be

## American Queen

takes its course from hopper to tuns, and after aging, on to the bottling plant through pipe mechanisms which thoroughly insure its isolation and protection. Another invention peculiar to our brewery makes and preserves the carbonic gas to be used in bottling. This adds immensely to the flavor. Finally, even the machinery used for cleanliness is cleaned every day before using. These lavish precautions make American Queen the most expensively brewed beer you can buy at the regular beer price. They enable us to economize in many departments and return the saving into quality of ingredients.

Always call for American Queen wherever you drink beer.

Watch for our next ad, on the art of brewing.

ACME BREWING CO., Macon, Ga.

## HONEST MEN ARE SCARCE

**DIFFICULT TO FIND THEM IN BUSINESS WORLD, SAYS BROOKLYN MINISTER.**

**By Associated Press.**  
New York, July 3.—Addressing the Holy Name Society in the church of the Nativity, Brooklyn, Rev. J. J. Donlon said, among other things:

"In the business world it is difficult to find men who are honest, according to the strict interpretation of the word. Within the past few months we have seen financiers to whom the people had unhesitatingly entrusted their money exposed as knaves. 'People are no longer surprised at dishonesty in high places. They have come to look upon it as matter of course and the phrase 'tainted money' has become a by-word and a jest. We are accustomed to breaches of trust on the part of the office-holders and financiers, but when we see these men show a disposition even to use judges of the supreme court to further their selfish ends it is time to call a halt."

"We see, too, judges hemming and hawing over the cases of these powerful wrong-doers, instead of treating them as they deserve. Although we may not realize it, but it is gradually becoming a pagan nation. These evils are permitted to exist because most men do not perform their full civic duty."

"Citizens should not be strict party men. They should be honest men and honest measures, and vote for them without regard to partisan bias."

## HEAVY RAINS DELAY TRAFFIC

**By Associated Press.**  
Denver, Colo., July 3.—The eastern railroads entering Denver are experiencing the most serious delay in traffic that has occurred on their lines in several years. All of the eastern roads were unable to get their trains in Denver on time Sunday and those leaving the city had to go so slowly that they will, as a rule, be late arriving at their destinations. The trouble is caused by unprecedented rains in Nebraska and Kansas.

The Burlington had 2,500 feet of track washed out between Arapahoe and Hollbrook and it became necessary to use the Union Pacific tracks.

The tie-up is causing delay in the arrival of delegates to the Epworth League convention here.

## Read All This

You Never Know the Moment When This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Pensacola to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itching of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

Mrs. U. Mertins, living at West Independence street, says: "I used Doan's Ointment, which I procured at Sidney Kahn's drug store, No. 9 South Palafox street, for more than ten years. It was worse during the heated parts of the year than any other time, and I suffered terribly. I used one ointment and salve after the other, but with little success, and treated with different doctors but without obtaining marked benefit. When one fifty-cent box of Doan's Ointment cured me it is no more natural that I should be pleased to let others know of the wonderful merit of this preparation. It is a remedy which all sufferers from itching skin disease can rely upon with the utmost confidence."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## ODD FELLOWS PICNIC TO-DAY

AT ELECTRIC PARK PROMISES TO BE A GRAND SUCCESS—BIG CROWDS EXPECTED.

All arrangements have been completed for the 4th of July celebration at Electric Park to-day by the Odd Fellows of Pensacola, and all indications point to a large crowd being present as a large number of tickets have been sold.

This picnic is given to raise funds for the entertainment of the Grand Lodge of Odd Fellows which will meet in Pensacola next year, and as a large number of visitors will be here from all parts of the state, the local lodges will endeavor to entertain them in such a manner that they will always remember their visit to Pensacola.

All kinds of sports and amusements will be carried out, including baseball between the Orioles and Barrancas for a cash prize, Races, Skating Rink, Dancing with music by the celebrated Barrios orchestra and a grand fireworks display at night.

Large crowds are expected from Warrington, Barrancas, Milton and Bagdad, and all who attend are assured of spending a most enjoyable 4th.

When you want a pleasant laxative that is easy to take and certain to act, use Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

## TERSELY TOLD.

Police Officer Ed. Spottswood, who has been spending the past month in Hot Springs, has returned to the city, and is much improved in health.

Ed. Senior, Jr., who is now located in Montgomery, where he is engaged in business, was in the city yesterday shaking hands with his numerous friends.

Robert E. Sackhoff, one of the popular clerks in the department store of William Johnson & Son, is off on a vacation of two weeks, which he will spend in Montgomery, Mobile and other Alabama cities.

Thirty-four defendants were before Recorder Laney in the municipal court yesterday morning for trial. Of this number five defendants were discharged, one defendant turned over to the county authorities, two cases continued, several parties given jail sentences and fines imposed aggregating \$180.

United States Marshal McGourin, who has been absent from the city for some time, having gone to Washington as escort of a marine convicted of forgery, returned to the city yesterday morning. The marine is charged with having forged orders for registered letters.

Southern Hotel arrivals: J. H. Collins, city; Geo. Arnsparger, Ohio; R. L. Walker, Baltimore; J. S. Rozier, city; T. P. Rose, Baltimore; W. Wells, L. Whitehead, Birmingham; D. K. Ables, Jacksonville; Wm. R. Passano, New York; J. L. Edwards, Dozier, Ala.; A. C. Commons, Jacksonville; L. C. Fisher, Milton.

The Landrum baseball team, accompanied by a crowd of rooters, will leave the city this morning for Milton, where they are scheduled to meet the team of that place in a contest this afternoon. The local team is in good condition and the boys expect to play even for the defeat anticipated to them some weeks ago. In addition to the baseball game there will be other sports, and the Landrums also expect to win a portion of these.

This is a good day to begin using Blue Ribbon Lemon and Vanilla Extracts. Ask your grocer for Blue Ribbon Lemon and Vanilla. Takes less. Flavors perfectly.
